I have two games that have the different save types.

Â

Super Mario Bros. (J) (Hot Mario Campaign)

Â

CODE: SELECT ALL

```
saveType=0
```

Â

Famicom Mini - Vol 1 - Super Mario Bros. (J)

Â

CODE: SELECT ALL

```
saveType=1
```

Â

I have vba-over.ini, which I already chose saveType=1.

Â

How can I play both of these games that have the different save types, while I am using vba-over.ini?

Â

I forgot to mention that they are GBA games.
